

Dear Sir or Madame

I am writing this letter to recommend Alex Chau in support of his application process.

Alex first joined Cannes Lions in 2017 as a temporary member of my team. Having made a great impression he was then welcomed back on a permanent basis in early 2019 once the right opportunity was available.

As a dedicated and hardworking member of the awards team Alex has gained a vast amount of experience and understanding of the global branded communication industries. Working closely with world class creatives, brands and clients to ensure our festival and awards remain the most prestigious in the world.

Alex has shown great resourcefulness, strong leadership of his team and fantastic interpersonal skills with colleagues and clients of all levels. He works well under pressure and as a creative himself he understands the importance of self-management and motivation, so can be trusted to get the job done without drama or fuss.

I am more than happy to recommend Alex and am highly confident that his abilities and personality would be a valuable asset to you and your organisation. He is an intelligent, open-minded person with a bright future, and I can't wait to see where life takes him.

If you require any additional information about Mr Chau then please do not hesitate in contacting me at the details below.

Warm Regards,
Jamie
